The unique design of the OASIS 18GT offers both roominess and performance rarely seen in the "compact pontoon" market

This is the ideal model for anyone seeking the convenience and maneuverability of a narrower beam pontoon boat. You will quickly experience the excellent performance that the 23 inch diam. pontoon logs provide. Our pontoon logs have three sealed chambers with individual venting in each chamber.

Best Option to choose on this boat ? try SCUBA VISION a third pontoon with glass box.
